Description of series and its contents:

This series consists of the records relating to the REACH Program. “Winthrop’s Taskforce on Retention and Achievement (REACH) has initiated a mentoring program to encourage student engagement and success. Faculty and staff volunteer mentors work with students who have experienced difficulties in achieving academic success at Winthrop University. Mentors are intended to supplement, not supplant, normal academic advising. Mentors foster supportive relationships with students and work collaboratively to develop a plan for students’ academic success. Each mentor will assist a student in assessing the causes of academic difficulties and in developing and implementing a plan for success.”
